Charlie is a lovely, older girl who is looking for her forever home. She came to our centre in a very poor condition, so has had to have veterinary treatment, including dental work and lump removal surgery. As with any dog that has had lumps removed there is a chance they will return and new lumps may or may not occur. Charlie is possibly deaf so will need an understanding home that will provide her with plenty of fuss and cuddles. She likes her treats and will sit for them, she also likes nothing better than a good belly rub. If you think you could offer Charlie the retirement home she so deserves please phone our Wolverhampton Centre.
