

I NEED A HOME

Saxon

Breed: Akita

Size: Large

Gender: Male (N)

Centre: Birmingham Centre

Age: 3 years 3 months

Child Suitability: No

Live With Dogs: Possibly

Status: Available

Saxon is a typical male Akita who can be head strong unsure of new people and strangers. When first meeting Saxon he can be wary and unsure of handling but once he knows you he is very affectionate.

Saxon loves other dogs; He has very good social skills with them and adapts to each dogs personality.

He enjoys being off the lead in our enclosed areas playing with his toys, he will come back for treats once he has built the bond.

On arrival Saxon did display food aggression however has had work and is now much better but this will need to be continued in a home environment.

Saxon is looking for an adult only home with experience of the breed as well as resource guarding behaviours.

Please call the Birmingham Centre if you can off Saxon a forever home.
